Sunday November 29th, 2009 was a ground breaking and a new dawn in the operation of our organization. A new dawn because we launched our own equipment, beamed two football matches from two European leagues and had a motivational speaker who is a pastor and a martial art expert who evangelizes through sports. Present also at the venue with the CHAIN crew was the chief executive officer Rev. J J Hayab and a renowned journalist Sam Aruwan who is a friend of the CHAIN.

Apart from the joy of having an over filled hall, the handy resource people present (Pastor David Adams and Rev. J J Hayab) gave the usual half time exhortations urging the youths to arise and be use to God, themselves and the country. Some youths gave their lives to Christ.

Our brand new equipment include a Dell project, 70 X 70 flip chart, a My TV strong decoder, a My TV dish with its LNB, a combo speaker, a set of two wireless microphones with accompanying gadgets and many more.

We thank our donors who helped us to acquire these equipment and we assure them of jealously protecting these items in the service of the Lord.
